SUMMARY OF APPROPRIATION ISSUES

SUMMARY OF HIGHER EDUCATION APPROPRIATION ISSUES

A. UNIVERSITY OPERATIONS

The Governor, Senate, and House agreed to retain the FY 2001-02 funding levels for the operations line items of the 15 public universities for FY 2002-03 if universities exercise tuition restraint during the upcoming academic year. Section 436 of the boilerplate language outlines the tuition restraint policy, which includes the following elements:

- The FY 2002-03 appropriation for any university will not be reduced from its FY 2001-02 amount if that university adopts a tuition and fee rate increase for resident undergraduate students that is 8.5% or less over the prior year, or a total increase of \$425 or less over the prior year, whichever is greater.
- The university must report to the State Budget Director and the House and Senate Appropriations Committees that the university experienced cost increases in excess of the increase in the Detroit Consumer Price Index, for utilities, retirement, health care, or technology.
- The universities voluntarily agree to these tuition restraint conditions and transmit a letter confirming this agreement to the Legislature by February 28, 2002.
- Any university that does not conform to the tuition restraint conditions will have its appropriation reduced by an amount equal to the excess tuition revenue, and that revenue would be redistributed (based on each university's percentage share of FY 2001-02 base appropriations) to those universities that honor the tuition restraint commitment.

As of September 18, 2002, the State Budget Director had not yet completed his review of State university compliance with Sec. 436 requirements. However, the State Budget Director notified Central Michigan University (CMU) on September 10, 2002, that their tuition and fee amounts exceeded the tuition restraint limits and that appropriated funds would be withheld unless CMU takes subsequent action to reduce their tuition and fees to allowable amounts.

Table 1 outlines the FY 2002-03 appropriations for universities, as well as for grants and financial aid.

B. PROGRAM REDUCTIONS

The Governor's budget recommended a reduction of \$191,500 for Project GREEN, which is funded through the Agricultural Experiment Station and the Cooperative Extension Service. The Senate and House did not concur with this reduction and retained the FY 2001-02 funding level of \$6,191,500 for Project GREEN (Generating Research and Extension to meet Economic and Environmental Needs), which is an initiative to boost the State's economy by expanding its plant-based agriculture and processing industries through research and educational programs while protecting the quality of the environment.

The Governor proposed to reduce funding for the Higher Education Institutional Data Inventory (HEIDI) database from \$275,000 to \$250,000. The HEIDI database has successfully implemented a web-based data upload and extraction process, which allows for some cost savings. The Senate and House concurred with the database reduction of \$25,000.

C. PROGRAM ELIMINATIONS

The Governor's budget eliminated funding for three programs: the Michigan Molecular Institute, a nonprofit research institute that specializes in the fields of polymer science and composite materials (\$236,900); the Spring Arbor University education program at Jackson State Prison (\$135,300); and Midwest Higher Education Compact dues (\$82,500). The Senate and House retained all of these programs, although all but the Compact dues were subsequently vetoed by the Governor.

D. ADDITIONAL FEDERAL FUNDS

The Governor, Senate, and House included \$300,000 in new Federal funds for State Competitive Scholarships and \$300,000 in new Federal funds for Robert Byrd Honors Scholarships. The State Competitive Scholarship Program will have total FY 2002-03 funding of \$36,654,616, which consists of \$33,054,616 in State GF/GP dollars and \$3,600,000 in Federal revenue. The Robert Byrd Honors Scholarships are funded completely from Federal dollars, and the FY 2002-03 total will be \$1,900,000.

E. TOBACCO SETTLEMENT

- 1. Rare Isotope Accelerator.** The Governor, Senate, and House included new funding of \$2,000,000 for design and architectural studies related to the Rare Isotope Accelerator (RIA) facilities that Michigan State University hopes to build if it is awarded a proposed Federal RIA project. These dollars are appropriated for the development of a program statement and preliminary design documents for the RIA office building and for evaluation and prototyping of the RIA design elements. The fund source for this appropriation is the Tobacco Settlement Trust Fund.
- 2. Nursing Scholarship Program.** The Senate and House established a new program, to be administered by the Michigan Higher Education Assistance Authority, that will provide awards to nursing students who agree to work in Michigan after they are licensed. Enabling legislation (Senate Bills 792 and 793 and House Bills 6053 and 6054) is still under review in the Legislature. The fund source for this appropriation is the Michigan Merit Award Trust Fund.
- 3. Michigan Merit Award Scholarships.** The Governor, Senate, and House included an additional \$2,100,000 for the Michigan Merit Award Scholarships to provide total FY 2002-03 funding of \$114,323,850. The Department of Treasury reports that for the high school class of 2001, 48,760 students qualified for the \$2,500 scholarships, and 37,780 of those students had reported their choice of postsecondary educational institution. If all 37,780 students receive the \$2,500 maximum grant, there will be FY 2001-02 expenditures of \$94,450,000 for the scholarships.

F. KING-CHAVEZ-PARKS PROGRAMS

The Governor, Senate, and House retained FY 2002-03 funding for the King-Chavez-Parks Programs at the same level as that for FY 2001-02, and there were no changes in the associated boilerplate. Prior year provisions that require the Michigan Department of Career Development to use a good-faith-effort standard to evaluate whether a future faculty fellowship is in default are retained, to allow flexibility regarding part-time, out-of-state, administrative, or secondary school employment. Tables 5A and 5B provide the line-item detail for all six of the King-Chavez-Parks Programs.

G. INDIAN TUITION WAIVERS

Funding for Indian Tuition waivers continues as a part of the base appropriation for each university. Table 6 lists the amounts that were added to the base in FY 1996-97 and that have continued since then.

H. VETOES

As mentioned in Item C above, the Governor's budget eliminated funding for the Michigan Molecular Institute (\$236,900) and the Spring Arbor University education program at Jackson State Prison (\$135,300). The Senate and House restored these programs but the Governor subsequently vetoed both.

I. CAPITAL OUTLAY

For information purposes, Table 7 outlines the capital outlay projects for Michigan's public universities that have been authorized since 1992.

J. BOILERPLATE ISSUES

1. **Reports on the Internet.** Quarterly report requirement deleted. (Sec. 208)
2. **Tuition Tax Credit.** Appropriation contingent on repeal of the credit eliminated. (Sec. 214)
3. **Capital Outlay.** Legislative intent that State-funded projects are competitively bid. (Sec. 218)
4. **Tuition Grants for Ferris' Kendall College.** Reference to grants for academic year 2001-02 deleted; requirement added that student must continue to be enrolled in Kendall College to receive grant. (Sec. 302(7))
5. **Spring Arbor Prisoner Education Program.** Governor eliminated the program; Senate and House retained the program and referred to Spring Arbor as "University" instead of "College"; Governor vetoed the program. (Sec. 304(3))
6. **Tuition Incentive Program (TIP).** Subsections deleted that: allow statutory provisions to supercede TIP boilerplate (subsection 12); require Department of Treasury to continue outreach just as the Family Independence Agency did (subsection 14); and appropriate State General Fund if Merit Trust Fund dollars are insufficient (subsection 15). (Sec. 310)

7. **Nursing Scholarship Program.** Michigan Higher Education Assistance Authority allowed to establish and administer the Program, and statutory provisions allowed to supercede boilerplate. (Sec. 312)
8. **MSU-DCL Law Alliance.** Legislative intent that State funds not be used to support the joint law school deleted. (Sec. 404)
9. **Per-Student Floor Funding.** Senate initially deleted reference to floors of \$4,600, \$4,800, \$5,800, and \$9,100 per fiscal-year-equated student but added legislative intent to fund a \$4,500 floor if May 2002 Consensus Revenue Estimating Conference determined more revenue was available; House removed single Senate \$4,500 floor and reinserted FY 2001-02 university groupings with four floors of \$4,600, \$4,800, \$5,800, and \$9,100. The Senate then concurred with the House. (Secs. 409 & 438)
10. **Bipartisan House Tier Funding Work Group.** Eliminated. (Sec. 411)
11. **Graduates in Academic Fields of Study.** Report requirement deleted since data is included in Higher Education database (HEIDI). (Sec. 412)
12. **Tuition Restraint.** Tuition increases restricted to 8.5% or \$425, whichever is greater, and penalty provided for universities that exceed limits. (Sec. 436)
13. **Rare Isotope Accelerator (RIA).** Appropriation provided for development of program statement and preliminary design documents for RIA office building and for evaluation and prototyping of RIA design elements; and legislative intent that MSU work with MEDC to develop documents. (Sec. 437)
14. **Postsecondary Enrollment Options Act.** House/Senate work group established to make recommendations on acceptance of college credits earned under the Act. (Sec. 439)
15. **Student Performance Reporting.** Report requirement deleted. (Sec. 601(3))
16. **University Audits.** Governor and Senate allowed field audits at the discretion of the Auditor General, and required review of HEIDI data for five universities; House required data review for all 15 universities. The Senate concurred with the House. (Sec. 701(1))
17. **New Academic Programs.** New degrees recommended by the Presidents Council are added. (Sec. 701a)
18. **Sections deleted by Governor, retained by Senate and House:** Buy American (Sec. 209); Report from fiscal agencies (Sec. 210(3)); Tuition tax credit report (Sec. 214); Restricted revenue report (Sec. 216); Douglas Lake (Sec. 402); Undergraduate instruction primacy (Sec. 408); Private bookstores (Sec. 426); Need and merit-based financial aid report (Sec. 710).
